

How to play? THREE CARD POKER

Three Card Poker with 6 Card Bonus is an exciting stud poker game. You may bet against the dealer, bet on the value of your own three-card hand, or bet both. Bonus payouts may be had for certain hands when wagering against the dealer. Bet the 6 Card Bonus to win on your five-card hand.

PAIR PLUS

Pair Plus lets you bet against your own hand. If your hand contains a pair or better, you win!

ANTE

Ante lets you play against the dealer's hand. It's just your cards against the dealer's. If you bet on the ante and like your hand, you must place an equal wager on the play spot. It's your three-card poker against the dealer's three-card poker hand, and the best hand wins!

TO PLAY BOTH

It's you and your cards for a pair or better and it's you against the dealer for the best three-card poker hand. You must also make the play wager or you will forfeit the ante wager.

ANTE BONUS

If you make the ante play wager, you may win an ante bonus payout even if the dealer doesn't qualify, and even if the dealer's hand beats your hand.

6 CARD BONUS

Combine your hand with the dealer's three-card hand to make your best five-card poker hand. You win with a three-of-a-kind or better. See payable for odds.
